### Thirty Years of Experience and Care

This year we celebrate the 30th anniversary of the Makofsky Law team providing caring and experienced legal services. Yes, the firm has spent 15,778,476 minutes, 262,974 hours, and 10,957 days helping our clients resolve their thorniest legal issues. We started as a small firm in a cramped shared space when Elder Law was a novel practice and there were only a handful of attorneys in Nassau County who described themselves as Elder Law attorneys.

We were pioneers who focused on creating the strategies to help our clients access needed long term care benefits without spending down a lifetime of savings. We drafted wills and trusts to safeguard and promote our client's estate plans. We created thoughtful devices for surrogate decision making with health care directives and powers of attorney. We pursued guardianships for those unable to care for themselves and who may be in danger. We provided probate and estate administration services to grieving family members.

From day one, we have always prided ourselves as a law firm that really cares about our clients. We have expanded and grown in the past 30 years and today we have a team of four attorneys, who are assisted by paralegals, legal assistants and staff just as eager to provide caring and knowledgeable legal services to our clients as we were on day one.

We have lots of experience in helping those in need and helping others brings us pleasure every day. We would love to hear from you! Click [here](#) to share any thoughts or comments with us.
